The auction process runs as follows

From Auction Day-10 participants can transfer their guarantees to the ECC account at the RTE registry. The RTE registry is open from 07:00 to 19:00, excluding weekends and public holidays. Please be aware that transfers in the registry need to be initiated before 10:00 to be tradable in CTS (EPEX' Capacity Trading System) on the same ECC business day at 16:00. After 10:00, transfers will be credited on the next ECC business day at 16:00. The deadline for the last CG transfer to ECC's RTE registry account is set at 10:00 on D-1. Should you have any question on the RTE registry and the transfer process, please contact the registry helpdesk by email at support@rega-rte.fr or by phone at +33 1 70 36 17 20 (press 2 after the tone).

Participants can also negotiate their financial limit with their Clearing Bank, which will then enter it into ECC's system. The deadline for setting a financial limit is at 16:00 CET on D-1.

Please make sure to set your limits in advance of these deadlines. From Auction Day-7 at 10:00 to Auction Day at 10:00, participants can send their orders via the CTS platform. Order books close and the auction runs at 10:00 on Auction Day, which is always a Thursday.

For those concerned by the certification process with RTE, please make sure to start it well ahead of the auction within the deadlines set by RTE.

Should you have any question on the certification process, please contact RTE or refer to following links: [Guide Processus Certification](#) and [Guide Procédure Dérogation](#).

Please feel free to contact us should you require any further information.

Yours faithfully,

The EPEX SPOT Team
